INDEX OF ABSTRACTS OF TUBERCULOSIS

Abortion in tuberculosis, 7
Abscess, Psoas, with cervical Pott's disease, 56
Accidents during pneumothorax treatment, 63
Acid, tuberculostearic, Constitution of, 28
Acid-fast bacillus, Atypical, 37
—— —— simulating avian and human strains, 37
Activation of silicosis by acute respiratory infection, 77
Active pulmonary tuberculosis, 47
—— tuberculosis, Physical signs in, 53
—— ——, Symptoms in, 52
Activity and prognosis, Leucocyte counts in diagnosis, 49
—— in pulmonary tuberculosis, Monocyte-lymphocyte ratio and, 48
——, Leucocytes and, in pulmonary tuberculosis, 47
——, tuberculous, indices of, Schilling differential and red-cell sedimentation as, 47
Acute respiratory infection, Activation of silicosis by, 77
—— toxicity of ethyl chaulmoograte, 41
Acutissima, Sepsis tuberculosa, 20
Aetiology of lymphoblastoma, 81
Air, Alveolar, in high altitudes, 23
Air-pressure, Effect of increased, 22
Alcoholization of phrenic nerve, 68
Allen, M. L. Bronchogenic carcinoma with pneumonoconiosis, 80
Allergy to dead tubercle bacilli, Prolonged, 32
——, Tuberculin, 32
Alpert, L. Psoas abscess with cervical Pott's disease, 56
Altitudes, high, Alveolar air in, 23
Alveolar air in high altitudes, 23
—— carbon-dioxide tension in pulmonary tuberculosis, Vital capacity and, 52
Amniotic fluid, Transmission of tuberculosis through placenta and, 7
Anaesthetic, Evipan sodium as, 69
Analysis, Spectral, of purified tuberculin, 34
Ananiadès & Papanarghyrou, N. Bovine tuberculosis in human beings in Salonika, 8
Anderson, H. H., & Emerson, G. A. Acute toxicity of ethyl chaulmoograte, 41
Anderson, R. J., et al. New synthesis of pigment of tubercle bacillus, phthiocol, 40
Animals, tuberculous, Bacillaemia in, 51
Anthony, A. J. Bilateral pneumothorax, 63
Antibodies in tuberculosis, Specific, 30
Antigenic chemical constituents of tubercle bacillus, 28
Antigens of tubercle bacilli, Response, 31
Antiseptics for tubercle bacilli, 11
—— —— —— ——, Merthiolate and other, 41
Antituberculosis vaccination, 9, 10
Apex of lung, Roentgenology of, 42
Arnstein, A. Indurative and destructive processes in mediastinal lymph nodes, 75
Artificial pneumothorax, Bilateral, 63
—— ——, —— Simultaneous, 63
—— ——, Empyema during, 64
—— ——, Forlanini on, 62
—— ——, Forlanini's original communication on, 59
—— —— in private practice, 64
—— ——, Thoracoplasty versus, 64
—— ——, Types of, 62
Asbestosis, Pulmonary, 78
Asthma, Pulmonary capacity in, 70
Atelectasis in pulmonary tuberculosis, 22
Atypical acid-fast bacillus, 37
Avian and human strains, Acid-fast bacillus simulating, 37
—— tubercle bacillus, Transmission of, by eggs, 8
Ayman, D. Quantitative tuberculin test, 30

B. leprae, Morphological and tinctorial behavior of, 41
Bacillaemia in tuberculous animals, 51
Bacilli, tubercle, antigens of, Response to, 31
—— ——, Antiseptics for, 11
——, ——, bovine, Disassociation of dysgonic type of, 39
——, ——, Culture medium for, 34
——, ——, dead, allergy to, Prolonged, 32
——, ——, Dispersion of, in human body, 21
——, ——, —— ——, —— infants, 14
——, ——, Free growth period for, 35
——, ——, human, Dissociation of, 38
——, ——, in butter, 7
——, ——, —— omentum and peritoneal exudate of guinea pigs, 40
——, ——, isolated from man, Types of, 36
——, ——, Isolation of, from larynx, 40
——, ——, killed, Sensitization of guinea pigs to, 33
——, ——, Merthiolate and other antiseptics for, 41
——, ——, Non-acid-fast, 38
——, ——, producing smooth colonies, Biological properties of, 39
——, ——, S and R, Preciptins for fractions of, 34
——, ——, Virulence of, in mesenteric lymph nodes in cattle, 18
——, ——, virulent, Excretion of, in Indian school-children, 17
Bacillus, acid-fast, Atypical, 37
——, ——, simulating avian and human strains, 37
——, tubercle, avian, Transmission of, by eggs, 8
——, ——, constituents of, Antigenic chemical, 28
——, ——, pigment of, phthiocol, New synthesis of, 40
——, ——, Staining variability of, 36
Badger, T. L., & Meyers, W. K. Quantitative tuberculin tests, 44
Ball, E. G. Oxidation-reduction studies with phthiocol, 26
Barbarczy, Marie v. Head's zones in pulmonary tuberculosis, 53
Barnes, M. F., Reidy, J. B., & Bishop, C. P. Tuberculosis in goat, 19
Barr, J. S., *et al.* Capillary blood-flow in lung, 26
Battaglini, U. Virulence of tubercle bacilli in mesenteric lymph nodes in cattle, 18
——, ——., & Laporte, R. Dissociation of dysgonic type of bovine tubercle bacilli, 39
BCG, 12
—— Dissociation of, 13, 14
—— in rabbits, 13
Behnke, A. R., Johnson, F. S., Poppen, J. R., & Motley, E. P. Physiological effect of oxygen, 23
Bell, D., & Hunter, R. A. Experimentally induced deposition calcium in lung, 27
Biggar, R. J., Thompson, W. W., Nev, Lisa, & Stafseth, H. J. Transmission ofa vian tubercle bacillus by eggs, 8
Bilateral artificial pneumothorax, 63
—— —— ——, Simultaneous, 63
—— pneumothorax, 63
—— spontaneous pneumothorax, 70
—— tuberculosis with cavity, Thoracoplasty in, 65
Biological properties of tubercle bacilli producing smooth colonies, 39
Bisgard, J. P. Thoracogenic scoliosis, 75
Bishop, C. P., Barnes, M. F., & Reidy, J. B. Tuberculosis in goat, 19
"Blood depot," lung as, Function of, 26
—— in chronic respiratory diseases, 25
Blood-flow in lung, Capillary, 26
Body, human, Dispersion of tubercle bacilli in, 21
Boenninger, M. Roentgenology of apex of lung, 42
Boles, R. S., & Gershon-Cohn, J. Incidence of intestinal tuberculosis, 55
Boquet, A. Atypical acid-fast bacillus, 37
Boquet, P. Acid-fast bacillus simulating avian and human strains, 37
Bovine tubercle bacilli, Dissociation of dysgonic type of, 39
—— tuberculosis in human beings in Salonika, 8
Brandenburg, T. O., *et al.* Veterinary committee on tuberculosis, 17
Breath-sounds in region of cavities, Nature of, 53
Bretley, J., & Negrè, L. Biological properties of tubercle bacilli producing smooth colonies, 39

Bromer, A. W., *et al.* Capillary blood-flow in lung, 26
Bronchi, major, Tuberculosis of, 55
Bronchial spirochaetosis, 73
Bronchiectasis, Congenital (?), 72
——, Diagnosis and treatment, 71
——, Prognosis in, 73
Bronchogenic carcinoma with pneumonoconiosis, 80
Bronchography in pulmonary suppuration, 72
Bronk, D. W., & Ferguson, L. K. Nervous control of intercostal muscles, 24
Brooks, W. D. W. Blood in chronic respiratory diseases, 25
——, ——. ——. ——., *et al.* Pulmonary capacity in obstructive emphysema, 70

Burton-Fanning, F. W. Tuberculosis problem, 1
Butter, Tubercle bacilli in, 7
Buxton, J. B. Vaccination of cattle against tuberculosis, 18

Calcium content of sputum, 27
—— in lung, Experimentally induced deposition of, 27
Canada Provinces, Sanatorium facilities and tuberculosis mortality in, 6
Cancer and pulmonary tuberculosis, 80
Capacity, Pulmonary, in asthma, 70
——, ——, —— obstructive emphysema, 70
——, Vital, and alveolar carbon-dioxide tension in pulmonary tuberculosis, 52
Capillary blood-flow in lung, 26
Carbohydrate metabolism in tuberculosis, 26
Carbon-dioxide tension, alveolar, in pulmonary tuberculosis, Vital capacity and, 52
Carcinoma, Bronchogenic, with pneumonoconiosis, 80
——, Laryngeal, and pneumonoconiosis, 80
Case, "Good chronic," of tuberculosis, 21
Case-finding, 5
——, Fluoroscopy in, 43
Cass, J. W., & Sutermeister, M. Schilling differential and red-cell sedimentation as indices of tuberculous activity, 47
Cattaneo, C., & Klopstock, F. Antigenic chemical constituents of tubercle bacillus, 28
Cattle, tubercle bacilli in mesenteric lymph nodes in, Virulence of, 18
——, Vaccination of, against tuberculosis, 18
Cave, E. F. Pott's disease in children, 16
Cavities, breath-sounds in region of, Nature of, 53
Cavity, pulmonary tuberculosis with, Occurrence of, 81
——, Thoracoplasty in bilateral tuberculosis with, 65
Cervical Pott's disease, Psoas abscess with, 56
Chadwick, H. D. Tuberculosis and medical practice, 4
Chandler, F. G. Irradiation of intrathoracic malignant tumors, 79
——, ——. ——. Prognosis in bronchiectasis, 73
——, ——. ——. Thoracoscopy by single puncture, 69
Chaulmoograte, ethyl, Acute toxicity of, 41
Chemical constituents, Antigenic, of tubercle bacillus, 28
Childhood-type tuberculosis, 15
Children, pneumonia in, Lipoid-cell, 15
——, Pott's disease in, 16
——, school-, Indian, Excretion of virulent tubercle bacilli in, 17
"Chronic, Good," case of tuberculosis, 21
—— pulmonary emphysema, 70
—— respiratory diseases, Blood in, 25
Chwalibogowski, A. v., & Groer, F. v. Tuberculin allergy, 32
Clark, B. R. Occurrence of pulmonary tuberculosis with cavity, 81
Classification of pneumonoconiosis, Roentgen, 76
